

How to order your repeat prescriptions

From **1 February 2018** pharmacies, online pharmacies and suppliers of medical appliances will no longer be able to order repeat prescriptions on your behalf.

You will need to order your repeat prescription directly from your GP surgery every time.

You can order prescription medication:

- Online
- By handing in the white, tear-off part of your repeat prescription to your surgery
- By letter
- Using a smartphone app

For more information speak to staff at your GP surgery or pharmacy, or visit www.calderdaleccg.nhs.uk
