

NHS CALDERDALE CLINICAL COMMISSIONING GROUP

REGISTER OF INTERESTS - CCG GOVERNING BODY MEMBERS

AS AT 31 March 2022

Background

Clinical Commissioning Groups are required to make arrangements to manage actual or potential conflicts of interest so that decisions made by the CCG are made (and, importantly, are seen to be made) without the possibility of the influence of external or private interest¹.

A conflict of interest occurs where an individual's ability to exercise judgement or act in one role is or could be impaired or otherwise influenced by his or her involvement in another role or relationship. The individual does not need to exploit his or her position or obtain an actual benefit, financial or otherwise. A potential for competing interests and/or perception of impaired judgement or undue influence can also be a conflict of interest.

Whilst the delegation of responsibility and budgets for commissioning primary medical services puts the Clinical Commissioning Group (CCG) in a stronger position to deliver the transformation agenda – it also exposes the organisation to a greater risk of conflicts of interest, both real and perceived.

The CCG has a number of systems and processes in place to manage conflicts of interests – both real and perceived. These are set out in the CCG's Constitution and our Policy on the Management of Conflicts of Interest. They include registers of interest for our Governing Body and committees, Associates and Subject Specialists, staff and CCG members.

The Register of Interests for CCG GP Members is provided below. A copy of the full Register of Interests for CCG Staff members is available for inspection at Westgate House on request.

¹ Section 14O of the 2006 Act, as inserted by section 25 of the 2012 Act: CCG Constitution (as revised January 2015)

Management of Conflicts of Interest

Any conflicts of interest that are declared in the course of the CCG's commissioning activities are managed to on a case-by-case basis in line with the CCG's Management of Conflicts of Interest Policy².

Record of Expired Interests

An archive of registered interests is retained by the CCG for 6 years after the date on which the interest has expired. Any queries regarding access to this information or to the management of conflicts of interest should be directed to:

Neil Smurthwaite, Chief Operating Officer
