Refusal Notice – Section 43 (Commercial Information)

Section 43 of the Freedom of Information Act provides a qualified exemption from disclosure where (1) the information requested is a trade secret or (2) the release of information is likely to prejudice the commercial interests of any person (a person may be an individual, a company, this public authority itself or any other legal entity). A qualified exemption requires the CCG to undertake a 'public interest test' (PIT) to assess whether the public interest in withholding the information is greater than the public interest in releasing the information. Accordingly, the CCG has undertaken the required PIT. A summary of the findings are detailed below. A copy of the full findings is available on request.
